From the Editor

Here we are again. We managed to draw more stories from our community and have new pieces on presenters and another show for your reading pleasure. We have kept a few things that are ongoing, mainly to keep them fresh in your mind and keep you thinking about participating. It was wonderful to hear your feedback from our first edition and want to encourage you to keep it coming. If there is a news story or event that you would like us to include please do not hesitate to contact us. We would love to hear from you.

Sit back and relax with a hot cuppa or a cold drink if you prefer and enjoy.

Special Interest Item:

Community Radio hosts a wide variety of shows for everyone. We recently heard from Kim Stewart who is running a blog to help community radio with increased accessibility for people with a disability.

On this blog Kim is hoping to expand:

- A list of all the radio programs being made by people with disability, or co-produced, in Australia <https://crisponair.blog/listen-to-our-shows/>
- Stories from people who are working in community radio <https://crisponair.blog/listen/>
- Blogs of interest or advice for radio stations around the country.

As a trainer with the CMTO, we are currently developing RPH specific training, to encourage people with low vision or blindness to get on air. But the other side of the coin is raising awareness of how and why they should be accessible, making change happen at stations too.

What’s your program?

Living In The 70's, 2-30pm to 5-30pm Wednesday afternoon

Why did you decide to do your program? The program started by default. I was doing a program called “Screen Themes” which was a program to do with movie music. I had been doing that program for a few years, not only at PBA FM, I had been doing it at WOW FM at Semaphore from 2001, BBB FM at Tanunda and also at YYY FM at Whyalla. I was asked to do a fill-in program for Darren on Thursday afternoon for 15 weeks. The first 2 weeks I did 60's music and then decided to play 70's music for the rest of the weeks. On the last week when I announced that I was finishing and going back to doing only movie music on Wednesdays, I had lots of contacts about where the listeners were going to get their 70's fix. I decide then to change my Wednesday program to 70's music and made it a request program. 6 years later and it is still going strong and arguably one of PBA FM's top rating programs.

What do you love about doing Living in the 70’s? The program is all about listener requests and we play all types of music from the 70's decade. We average 26 to 32 requests a week and I average 33 to 39 songs in a week (including requests)

What kind of music do you play on your show? Not only do we play requests we also play the songs you grew up with but not the same songs you hear every day on other radio stations. We play those songs you know from the well-known artists also the songs on their albums that you don't hear all the time.

What are some of the features of the show? I have segments called “This Week In - singles” and “This Week In – albums” which I play the number one song from the 70's decade for the week. I also play a segment called “Do You Remember” which I play a song you knew from way back then but probably haven't heard for years.

Are you involved in any other way at the station? Over the years been on The Board, Production and Editing, Promotions, Training, Technical (doing small technical jobs eg: repairs and CD replacement), Script Writing, Panel Operator for other station programs, Maintenance and Cleaning at Transmitter Site, Fill-in Programs for other presenters, Painting, Outside Broadcasting. All up I have been involved with Community radio for about 18 years.

WELL-VERSED is on AGAIN

Are you a budding Poet?

Want to have your work read out on the radio?

Last year we started 'Well Versed' asking for poems from people in our Community. It was a raging success and so we are doing it again this year.

There is no age limit and we need two poems from each person wanting to be involved. You get to read your own poems on air or if you do not feel confident we can have someone else read them for you.

Emails with entry forms are on their way and we will begin recording soon. If you weren't in it last year then email us with your details and we will include you in the mailing list.

For more details send us an email – Let us know that this is for you.

Presenters wanted!

Does the prospect of presenting on radio appeal to you?

We have need of presenters to help out our current DJ's that have knowledge of classical music.

Is your forte the 30's and 40's? Our wonderful presenter of 'Thanks for the Memories' has to now move on and we need someone special to replace him.

Full training provided for the novice.

Contact the station via email or phone.

We want you !

FEATURED SHOW:-

At your request/Wrinkly Radio

Harry Owens hosts these two shows on Tuesdays. At your Request from 12pm – 1pm. Where the listeners ring in and make a request for Harry to play. Harry loves this as not only does he hear from his listening audience but he gets to ask them where they are calling from, giving him a great knowledge of just how far our coverage is broadcast.

Then at 1:30pm – 2:30pm he hosts **Wrinkly Radio**. He laughingly calls this music for the wrinkly crowd. You know if you are in this group by the wonderful wrinkles on your face brought on by life itself. His music is a conglomeration of Big Band, Swing, Jazz and so much more from days gone by.

Harry has been presenting shows on PBA-FM for twenty years and we hope he keeps going for many many more.
